From **5/1/2023**
to **14/1/2023**

Ship: **LE BELLOT**

From **Cozumel**
to **Colón**

Transfer from Playa del Carmen to Cozumel

PONANT brings you an itinerary in the **Caribbean Sea**, sailing along the Mexican peninsula of Yucatán to Panama, via Guatemala and Belize. In **Cozumel**, you will board *Le Bellot* for a **10-day cruise** combining idyllic beaches and Pre-Columbian sites.

First of all, you'll discover **Belize**, with its **Mayan sites lost in tropical jungle** and, seen from the sky, its marvellous coral reef, a UNESCO World Heritage Site, which is home to the emblematic **Blue Hole, a splendid underwater cenote** that stands out like a sapphire set upon the reefs of the turquoise waters of the Caribbean Sea. An extraordinary natural phenomenon that you will have the possibility of admiring from the sky.

The next port of call will be **Santo Tomás de Castilla**. From there, you will be able to discover the **pyramids of Tikal**, a major site of the Maya civilisation, or the palaces, pyramids and sanctuaries of **the Archaeological Park and Ruins of Quiriguá**, listed as a UNESCO World Heritage Site.

Le Bellot will then sail to Costa Rica and **Puerto Limón**, not far from the island named **Tortuguero**. Literally "the Land of Turtles", the village and the **National Park** are key nesting sites for four species of sea turtle, including two critically endangered species.

You will finally discover the clear waters of **Panama** and the **San Blas archipelago**, composed of more than 300 islands and cays. The **Kuna** live among the palm trees and pirogues; this people perpetuates, among other things, the **traditional craft of molas**, weaved textiles in sparkling colours.
